CoverStyl

ABOVE & BEYOND

Our 40 Advanced new references

PVC-FREE

15 PVC-FREE references made of Polypropylene for a better environment.

Our PVC Free solution reduces carbon emissions up to **30%**.

HIGH-RESISTANT

12 high-resistant references for a better abrasion resistance.

Given that IKEA sells an average of **2,000 kitchens** per day, it is probable that **Cover Styl High-Resistant** will satisfy the worktop requirements of numerous users.

EXTERIOR PVC-FREE*

11 references suitable for outdoor with up to 20 years lifespan.

There are around **131 million** buildings in the European Union that could potentially undergo facade renovation using our **External Cover Styl**.

137cm XL LINE

2 iconic references in 137cm wide to optimize your potential wastage.

In the EU, the most common kitchen doors are **60cm wide**. By adding an extra **12%** of material to your width, our Cover Styl **XL references** can help reduce material wastage.

Above& Beyond

Welcome to the Green Journey!

In our wide range of premium self-adhesive architectural film with **over 500 color**, **texture** and **pattern** options, you will find the perfect solution to achieve any look: contemporary, rustic, luxurious? You decide.

The flexibility to refurbish **walls, doors, furniture** or any other surfaces.

And now, our team is really excited to bring you something special — **four new product lines** that are all about making your spaces greener and your projects stand out.

Meet our **PVC-FREE**, **EXTERIOR**, **HIGH-RESISTANT** and **XL** Lines. Each of them crafted from our dedication to not only enhance aesthetics but also to positively impact **the environment** and **your projects**.

Why did we launch these new lines?

As leaders in the industry, we understand the importance of staying ahead in **innovation and sustainability**, providing new solutions tailored to the demands of our clients and the market.

- **PVC-FREE LINE:** PP (Polypropylene) base material, showcasing our dedication to environmental sustainability.
- **EXTERIOR LINE:** PVC-free line (70%), with up to 20 years of durability and Thermal Reflection Technology.
- **HIGH-RESISTANCE LINE:** Top selling references from our core series, featuring better resistance to scratches.
- **XL LINE:** The market's first Black and White Interior Architectural film, available in a width of 137cm, to minimize waste.

Unveil a new realm of possibilities in renovation with our new lines, and let every page of this brochure inspire your next spectacular transformations.

Warm regards,

High-Resistant Line

Durability redefined: High-Resistant

The apex of durability: Discover Cover Styl's HIGH-RESISTANT Line

In the quest for surfaces that stand the test of time and use, Cover Styl has engineered a solution: the **HIGH-RESISTANT** Line. This selection of interior films is tailored for endurance in the most demanding environments. Perfected for countertops and high-traffic areas, each of the 12 expertly crafted finishes promises longevity and resilience.

For a lustrous sheen, our **High-Gloss** finishes in white and black lacquer offer elegance without compromise. While designed for flat surfaces, they maintain the Cover Styl promise of **durability and style**.

XL Line

137cm

Expand your horizons: XL Line

Maximizing style, minimizing waste: The 137cm XL Line innovation

We've upgraded our J3 and K1 references to introduce them in a game-changing **137cm wide**.

Our XL materials are here to revolutionize kitchen and panel projects by cutting down on waste. The extra width means less material use, and smoother application, leading to **less waste** and more beauty.

Discover the future of large-scale design with our XL Line — where bigger dimensions bring smarter, more sustainable appearance to every space.
